MATERIAL GUIDE

Scalla Naturale

Curated natural stone

Granite, marble, onyx, travertine and quartzite from international quarries.
Every slab inherently unique - selected, not manufactured.

01 — BRAND & MATERIAL

Brand & material

Scalla Naturale® is a curated natural-stone brand rather than one engineered material. It focuses on granite, marble, onyx, travertine and quartzite selected from international quarry sources, and each slab is inherently unique. Because it is real stone, technical suitability must be judged by stone type: porosity, acid sensitivity, frost resistance, slip behaviour and sealing differ substantially between materials.

Why Scalla Naturale

- **Variation is the point** — natural stone is not uniform; slab-to-slab variation is a feature, not a defect.
- **Judge by stone type** — technical suitability must be evaluated by stone type, not by the brand name alone.
- **Specs differ widely** — porosity, acid sensitivity, frost resistance, slip behaviour and sealing differ substantially between materials.

Best-fit applications

- Premium kitchen islands and countertops
- Bathroom surfaces
- Feature walls and bookmatched slabs
- Fireplaces and statement architecture
- Floors and stairs where stone is appropriate
- Decorative and hospitality projects

02 — PRODUCT PORTFOLIO

Product portfolio

Organised by the manufacturer's current collection structure. Product names are retained as published; availability can change by country, distributor and production batch.

Material families

Granite · Marble · Onyx · Travertine · Quartzite

Catalogue examples

Absolute Black · Alpinus · Alpinus Vintage · Arabescato Orobico Grigio · Belvedere · Bianco Carrara · Black Galaxy · Black Taurus · Blanc Du Blanc · Bluetta · Calacatta Fantastica · Calacatta Nuvolato · Calacatta Rossenoir · Copacabana · Cosmic Gold · Cosmic White · Da Vinci · Exotic Green · Gaultier · Green Velvet · Ivory Travertine VC · Macaubas Cream · Patagonia Crystal · Rainforest Green · Silver River · Viscount White · Volakas Gold

Finishes

Polished · Honed · Leather · Satin · Antique · Raw · Naturale / stone-specific finishes

Geographic sourcing

Italy · Spain · Turkey · Brazil · India · Other international quarry regions

03 — SPECIFICATION & APPLICATION

Specification & application

Material	A 100% natural-stone portfolio: granite, marble, onyx, travertine and quartzite
Uniqueness	Colour, veining, movement and exact slab dimensions vary from block to block
Formats	Current examples span roughly 1530–3350 mm in length and 1400–2000 mm in width; 20 mm is common, with some 30 mm options
Applications	Countertops, floors, wall panels, fireplaces and decorative architectural elements

Inspect the actual slab before approval. Confirm stone-specific technical properties and finish. Sealing and maintenance must be determined by stone type and application. Research snapshot, August 2026.
