THE COLLECTION

Our own collection

Alongside the world's leading brands, Stone Symphony offers its own carefully selected range of premium surfaces - marble-look quartz and genuine natural stone. From the dramatic golden veining of Calacatta through calm neutrals to characterful natural stone, every slab is chosen for its character, quality and durability, then cut, fabricated and installed to measure.

- **Calacatta & Statuario** - white grounds with bold gold or soft grey veining.
- **Neutrals & concrete** - pure whites, creams and cement tones for calm surfaces.
- **Greys & quartzite** - cool greys and crystalline quartzites with natural movement.
- **Travertine & cream** - warm, characterful natural stones with soft grain.
