
STONE SYMPHONY

MATERIAL GUIDE

TechniStone

Engineered quartz surface

Premium engineered stone - natural quartz minerals, pigments and resin.

Featuring the La Natura decors: Mistral White, Taj Mahal Gold, Elysian Gold, Duna Beige and Badal Grey.

01 — BRAND & MATERIAL

Brand & material

TechniStone® is a premium engineered-stone platform built around natural quartz minerals, pigments and resin. Its current 2026 range is organised into the Wilsonart, Trend, Serenity, Noble, Standard and La Natura collections. Because it is engineered rather than quarried, its colour and pattern are far more consistent from slab to slab than natural stone — especially strong in marble-look, full-slab-vein and premium neutral designs.

RAW SLAB · MISTRAL WHITE (LA NATURA)

Why TechniStone

- **Engineered, not quarried** — higher visual consistency than a natural slab, batch to batch.
- **Strong marble-look** — the 2026 range excels in marble designs, full-slab veining and premium neutrals.
- **Broad live palette** — the active colour range is wider than any single list; see the full range at technistone.com.

Best-fit applications

- Kitchen worktops and islands
- Bathroom and vanity surfaces
- Stairs and tiles
- Wall cladding and backsplashes
- Commercial and hospitality interiors

02 — LA NATURA IN REAL PROJECTS

La Natura decors

A closer look at five decors from the La Natura collection — each shown as a material close-up and installed in real kitchens, bathrooms and living spaces. Stone patterns are natural; every slab varies slightly.

04 — SPECIFICATION & APPLICATION

Specification & application

Thickness	12, 20 and 30 mm
Formats	Jumbo 155, 160 and 165
Structure	Unique / Marbled, Concrete, Sparkling, Full Slab Vein, Grained and Solid
Material	Natural quartz minerals and pigments bonded with resin; some products also contain recycled glass or mirror shards
Applications	Kitchen countertops, vanity tops, tiles / stairs, wall cladding, window sills / bars and commercial projects

Exact stock and country availability must be checked. Fabrication, edge details, cut-outs and installation follow the manufacturer's current technical documentation. Do not generalise one decor's properties to every TechniStone design. Full colour range: technistone.com. Research snapshot, August 2026.
